ABOUT ME

Early-career Full Stack Developer with **hands-on experience** building production-ready **React** frontends and **Node.js** backend systems. Delivered real client projects independently — from planning to deployment. Designed **REST APIs** with **Express.js**, managed relational databases with **Prisma** and **PostgreSQL**, and ensured code reliability through **TypeScript**. Prior to development, built 5 years of professional experience in Austria — bringing **strong work ethic**, **team leadership**, and **client communication skills** to every project. B2+ **German** and **English** comfortable working in DACH environments. **Open** to remote, hybrid, or on-site opportunities within the EU.

SKILLS

- Programming Languages:
JavaScript, TypeScript
- Web Development: HTML, CSS,
React, Node.js, Tailwind CSS,
Bootstrap
- Database Management: PostgreSQL,
Prisma
- Tools & DevOps: Docker, REST API,

- German: Advanced (B2+)

EDUCATION

PROGMATIC ACADEMY

Full Stack Development Program — intensive training in React, TypeScript, Node.js, PostgreSQL, and modern web development practices.

2024-2025

Bereczki Máté Secondary Technical School, Baja, Hungary
2015

WORKING EXPERIENCE & PERSONAL PROJECTS

Cartly

Personal Project | 2026

Developed a full-stack shopping list application — independently designed, built, and deployed to production. Features user authentication, real-time list management, and a RESTful API.

Stack: React, TypeScript, Tailwind CSS, Node.js, Express.js, PostgreSQL, Prisma · Deployed: Netlify + Render

Silver Arrow Car Kft

Freelance | 2025

Independently developed a full-stack digital car showroom platform for SilverArrow Car Ltd. — from planning to production. Users can browse vehicles and save them to a personal garage; admins have full CRUD access.

Stack: React, TypeScript, Node.js, Express.js, PostgreSQL, Prisma

Szaki Car Cosmetic

Freelance | 2025

Developed a bilingual (HU/DE) marketing website for an automotive detailing business — responsive design, animations, Google Maps integration, and a dynamic image gallery. Includes custom domain, SSL, and automated deployment.

Stack: React, TypeScript, Tailwind CSS, Netlify

PAW MAP | 2025

Developed a community platform for pet owners to discover and review pet-friendly locations. Contributed to full-stack development in a 3-person team — REST API design, database modeling, and responsive UI.

Stack: React, TypeScript, Node.js, Express.js, PostgreSQL, Prisma · Methodology: SCRUM

HEAD WAITER – HOTEL ROSENTERHOF, ÖSTERREICH

Hotel RosentalerHof | 2019-2024

Managed daily operations — staff supervision, order handling, and guest relations in a fast-paced, multilingual environment. Developed strong communication and leadership skills while ensuring high customer satisfaction. Selected by management to appear in a German-language regional promotional film.
